

**Labor Management Relations
in the
Regional Airline Industry**
*June 8 - 9, 2004
Atlanta, GA*

The environment traditionally labeled the "regional" airline industry is in a state of evolution. Pattern of ownership and affiliation with other air carriers are changing and technological advances have resulted in larger, faster aircraft deployed on different and more extensive route systems. This conference will present speakers with views on the changes and provide discussion opportunities for practical approaches to problem-solving in this industry.

Through coordination with the Regional Airline Association (RAA) and Airline Labor Organizations, the National Mediation Board (NMB) is pleased to present this conference. This will also provide an opportunity for you to meet the Board Members, the mediators and attorneys from our Office of Legal Affairs.
